PROFILE

As a web developer, I combine technical expertise with creativity to build responsive, user-friendly websites and applications. Proficient in HTML, CSS, JavaScript, and frameworks like React and Vue.js.

WORK EXPERIENCE

Currently, I am upgrading my skills and have developed expertise in the following areas:

- **HTML & CSS:** Proficient in creating and styling responsive web pages, ensuring cross-browser compatibility and adherence to modern design standards.
- **JavaScript:** Skilled in writing clean, efficient code and using JavaScript to enhance user interactions and dynamic content.
- **React:** Experienced in building interactive user interfaces and single-page applications using the popular front-end framework.
- **Responsive Design:** Expertise in designing and developing websites that work seamlessly across various devices and screen sizes.

Through self-study, online courses, and personal projects, I continuously enhance my skills and stay prepared for new opportunities in web development.
